Key Information

Nickname for this Funding Request

Create a nickname for this funding request to help you remember which product/services are included in this request.

Duplicate Funding Request? ⓘ

☐ Yes

☒ No ✓

Service Type ⓘ

What is the service type for the product and services that you are requesting?
Pick only one.

CATEGORY 1

- ☐ Telecommunications
- ☐ Voice Services
- ☒ Internet Access

Choose Internet access for anything related to monthly Internet service, wireless Internet, or aircards for bookmobiles.

Did you post an FCC Form 470 for the product and/or services you are requesting?

☒ Yes, I posted an FCC Form 470 for the services.

☐ No, because this FRN exempt from the FCC Form 470 requirement

Enter 470 number: 104530001046284

Entity: APPLICANT

Service Provider Information ⓘ

Find your SPIN with our [SPIN Search tool](#)

SPIN (Service Provider Identification Number)

143999999

State Replacement Contract

Check yes here. As far as I can tell, no service provider is offering KY libraries Internet that exceeds 100 Mbps for less than \$3,600 annually (including installation).

Type in the 470 number, and click enter to validate it. You'll do the same with the SPIN number.

Billing Account

If your service provider has given you one or more Billing Account numbers, please enter them below.

Billing Account Number

6061234567

6061234567

Contract

How are you purchasing these services?

☐ Tariff

☐ Month-to-Month arrangement

☒ Contract

Contract Number

0123abcd

Service Dates

Add as many billing account numbers as you need for this funding request.

Service Dates

Allowable vendor selection/contract award date: 10/19/2012

What is the date you awarded your contract?

02/18/2015

What is the date your contract expires?

06/30/2017

When will the services start?

07/01/2015

Does your contract have any voluntary extensions?

Yes ☒

No ☐

How many extensions are left on the contract?

1

What is the total remaining length of the contract if you exercised all extensions (in months)?

36

This could be one of two options.

1. If you've just signed a contract, enter the date it was signed (keeping in mind it must be after the 28 day window).
2. If you are filing for a pre-existing contract, this is the date you decided to stick with the contract, NOT the date it was originally signed. Your signed and dated [evaluation](#) will provide proof of this date.

Enter the expiration date on the contract.

In most cases, this date will be July 1, 2015.

Voluntary extensions are provisions that may be included in your contract allowing it to be extended a certain number of times. If your contract includes voluntary extensions, provide information about:

- How many extensions are left, and
- The length (in months) of the contract, including extensions.

Is this Funding Request covered under a master contract?

A master contract is negotiated by a third party, the terms and conditions of which are then made available to an eligible entity that purchases directly from the service provider.

Yes ☐

No ☒

Your service provider should tell you if they're providing pricing based on a master contract.

Is this Funding Request a continuation of an FRN from a previous funding year based on a multi-year contract?

Yes ☐

No ☒

If you're in the middle of a multi-year contract, choose yes here and enter the FRN number from last year's request.

Narrative

A one-sentence description that tells USAC what the service is and what entities will receive it.

Provide a brief explanation of the products and services that you are requesting.

Monthly Internet service for Greenup, Flatwoods and McKell branches.

Pricing Confidentiality

Is there a statute, rule, or other restriction which prohibits publication of the pricing information?

Yes ☐

No ☒

Check no here. Purchases made by public libraries are considered public record.

If you're not sure about the bandwidth download or upload speeds, check your contract, a bill, or run an online speed test using a site like <http://www.speedtest.net/>.

Burstable bandwidth is a service where your provider increases your bandwidth for short periods to meet increased demand. If this applies, information will be included in your contract.

A last mile connection is a direct connection between a library and an Internet service provider.

WAN = wide area network. These are the connections between branches. If you only have one location, your answer will be no here. See the USAC page on [Wide Area Networks](#) for more information.
